

PhD and Undergraduate Students

Rafael Suárez Mesa

PhD Student

PhD topic: Evaluating the effects of adiposity in pigs and pork

PhD supervisors: Dr Joan Estany and Dr Roger Ros-Freixedes

Department of Animal Science

Agrifood, Forestry and Veterinary Campus

rafael.suarez@udl.cat [<mailto:rafael.suarez@udl.cat>]

Eduard Molinero García

PhD Student

PhD topic: Caracterització de variants genètiques associades a qualitat de carn en porcs.

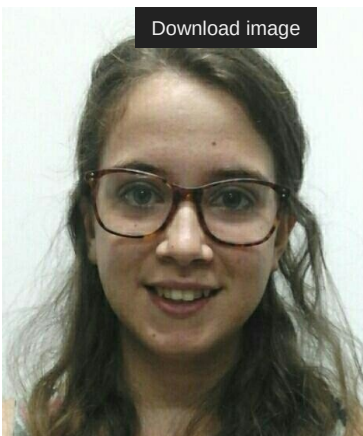

PhD supervisors: Dr Joan Estany and Dr Roger Ros-Freixedes

Department of Animal Science

Agrifood, Forestry and Veterinary Campus

eduard.molinero@udl.cat [<mailto:eduard.molinero@udl.cat>]

Paula Curto

PhD Student

PhD topic: Characterization of highly virulent PRRSV strains using in vitro and in vivo approaches and their control using a vaccine based on broadly neutralizing antibodies.

PhD supervisors: Dr Lorenzo Fraile and Dr Ana Stoian

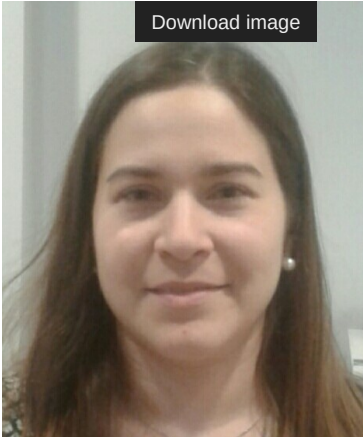

Department of Animal Science

Agrifood, Forestry and Veterinary Campus
